About real estate

We offer for sale a spacious, completely renovated modern 3+1 apartment with balconies. The apartment is located on the 4th floor of a renovated building with an elevator in Prague Vršovice. In the presentation, photographs are used in combination with basic visualizations of the possible interior of the apartment. The living area is 93 sqm, the balconies are 4.8 sqm. The apartment has a central corridor, the door leads to separate bedrooms, bathrooms, cloakroom and chambers. The kitchen has a dining room with a balcony and a sliding door link to the living room. Both bedrooms are separate with entrance from the corridor. In the corridor there is a chamber, a cloakroom and a technical room with a washing machine and dryer. Modern bathrooms, bathtub and shower, large format tiles and wall tiles, built-in wardrobe. Wooden floors, new plastic windows.

The location of the property offers full civic amenities, for peace and greenery not far for example to the park Grébovka (Havlíčkovy sady). The transport connection to the city center is excellent - several tram stops to Náměstí Míru or I. P. Pavlova metro. We recommend a tour.

The Energy Class G is only listed temporarily to meet legal requirements, the license is required to be drawn up.
